Objective:

To participate in a program that is designed to help me gain personal, technical, and professional skills that can be used in my Profession at any level. With a lot of experience at every level high school, Junior college, and Division I school, I am looking to learn from an "A" class Executives on how to run an effective program, from media relations, Organizational leadership and health and fitness. With these learned skills and my passion to serve and for the knowledge of the game, I would look to find an opportunity that fit my skill set.

Education:

New Mexico Highlands University, Las Vegas, NM
Masters Human Performance and Sport (2012-2014)

National University, San Diego, CA
Master in Educational Technology (2002-2005)
